Please check out our new books, audios and DVD's purchased through a grant project through Coastal Family Hospice and awarded by the Maine Community Foundation. These are all materials that deal with supporting kids and families when dealing with death, grief and loss of loved ones. There are some great items and want everyone to know these items are now available at the library. There are fictional stories for teens and picture books for young children, as well as books and DVD's for adults to help their children deal with their losses, whether they be of a friend, parent, sibling or even the loss of a pet.
